

ALEX MORGAN

Computer Science Graduate & Software Developer

Email: alex.morgan@example.com | GitHub: github.com/alexmorgan | Phone: +1 555-0199

PROFESSIONAL SUMMARY

Motivated Software Developer with expertise in Python, SQL, and data analysis. Experienced in building machine learning models, REST APIs, and automated data processing tools. Proficient with Git version control and statistical analysis libraries.

EDUCATION

Bachelor of Technology in Computer Science & Engineering

State University | Graduated: May 2025 | GPA: 3.8/4.0

TECHNICAL SKILLS

- Programming Languages: Python, JavaScript, C++, SQL
- Data Science & ML: Pandas, NumPy, Scikit-learn, Machine Learning, Matplotlib
- Web Frameworks & Tools: FastAPI, Flask, HTML, CSS, Git, GitHub
- Databases: PostgreSQL, MySQL, SQLite

PROJECTS

1. Intelligent Customer Churn Prediction Model

- Built a supervised Machine Learning pipeline using Python, Pandas, and Scikit-learn to predict customer retention with 89% accuracy.
- Deployed a REST API backend using FastAPI to serve model predictions in real time.
- Used Git & GitHub for version control and issue tracking.

2. Automated SQL Query & Reporting Tool

- Created Python scripts to parse, query, and process large relational datasets from PostgreSQL databases.
- Optimized database query performance and exported structured reports.

EXPERIENCE

Software Development Intern | Tech Solutions Inc.

June 2024 - August 2024

- Assisted in developing backend services using Python and Flask.
- Wrote automated data validation tests using PyTest and managed SQL schemas.
- Collaborated in an Agile software development team.

CERTIFICATIONS

- Python for Data Science & Machine Learning Certificate
- SQL Database Administration Basics
